

# List of Other Seattle/King County AmeriCorps & VISTA Teams

The site application process is very competitive. We encourage organizations to explore all of the different opportunities to partner with national service, in Seattle/King County. Here is a list of some of the other AmeriCorps and VISTA teams operating in our community, who may be soliciting site applications this spring:

## **MLK VISTA Corps, a program of Solid Ground**

Works with community and public agencies throughout King County on housing development and homelessness, welfare to work, low-income access to technology, and family support issues. VISTA Volunteers focus on organizational capacity building, rather than direct service.

Contact: Pammyla Hubbard, pammylah@solid-ground.org or 206/957-4779 ext. #107

## **Sound Youth & Notre Dame AmeriCorps**

Projects in this corps focus on increasing positive development skills and assets among youth.

Contact: Elaina Ellis, eellis@thechurchcouncil.org or 206/525-1213 ext. #3933

## **Washington Service Corps – Growing Roots**

AmeriCorps Members are involved in activities that improve the lives of young people in South Seattle and neighborhoods with high concentrations of homeless youth including Capitol Hill and the University District. Project sites include Seattle Youth Garden Works and Roots Shelter.

Contact: Julie Krippner, jkrippner@thechurchcouncil.org or 206/632-0352 ext. #13

## **Washington Service Corps - Individual Placement Program**

Individual members are placed with local community based organizations, non-profit organizations, schools, city and county government entities to address unmet local needs of the community in which they serve. There are four major priority areas for these projects: education, environment, public safety and human needs.

Contact: Brigid Spellman, bspellman@esd.wa.gov or 360/438-4045
