

Protect your hard-earned dollars!

Learn how to avoid predatory lenders.

Solid Ground invites you to learn about Predatory Lending.

What is it? Why do predatory lenders target people of color, the elderly and people who speak limited English? How can you avoid getting trapped? What loan documents should you receive before you sign and close on your home loan? A Solid Ground Housing Counselor can review your loan documents (*free!*) before you sign. In a one-to-one appointment, you'll learn about...

- Abusive predatory lending practices
 - Mortgage foreclosure rescue scams
 - Payday loans
 - Home loans
 - Refinancing options
 - Refund anticipation loans
 - Automobile loans
 - Rent-to-own (appliances/furniture)
 - Resources for predatory lending victims

Money doesn't grow on trees. Keep your dollars in your pocket (and out of unethical lenders' hands).

Protect yourself from predatory lenders.
